CHAPTER 1

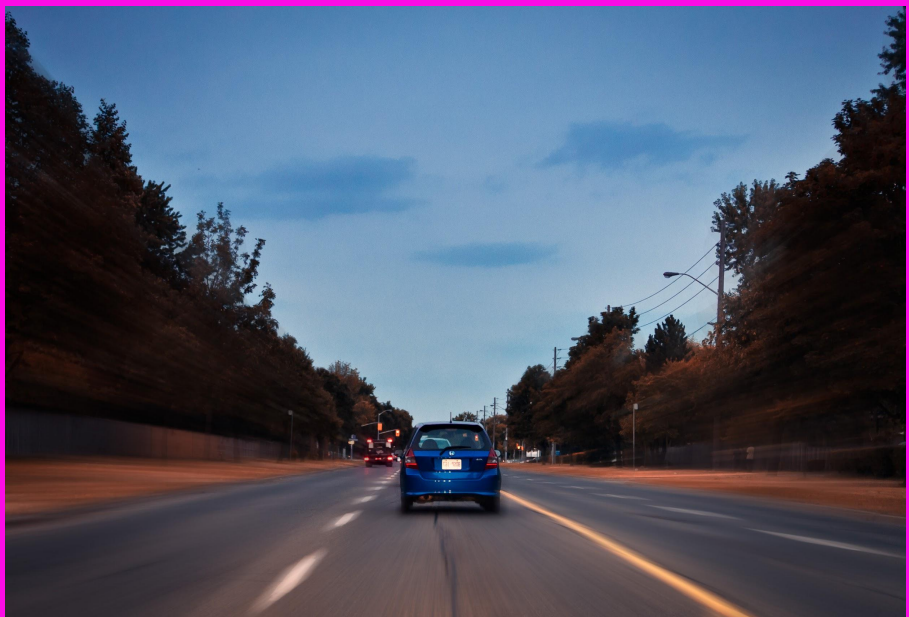

New Girl in Town

Jenae Ackerman had a perfect life in Champaign, IL. That was until her father got a job transfer to Enfield IL. The next morning she awoke to her mother telling her to wake up and get ready for school. “Mom I don’t want to go today” ,she said, “or ever.” Her mother gave her a funny look and said “Well you have to so you can become smart.” Jenae sighed “Alright” Then, she put on her clothes, brushed her hair and teeth, and grabbed her backpack. Jenae kissed her father and said “Goodbye Dad.” and got in the car with her mom.

As her mom was driving down the road, she began to giggle. “What?” asked Jena. “oh, that face you’re making for the first day of school.” chuckled her mother. “Do you not want your father to be successful?” What do you think?” started Jenae, Ever since dad got the new job, it has ruined everything.” she said with anger. “No it hasn’t” said her mom. “Think about it though it has moved us away from everyone we knew.” Jenae felt tears stream down her face like a waterfall streams down a hillside.

“It’s okay”, coaxed her mother, “You’ll make new ones.” The two didn’t talk the rest of the drive to school. When they got to Booth Elementary, her mother said, “Please try to make some friends.” “Okay, bye, love you.” Jenae got out of the car. Her mother drove off and Jenae walked into the 7th grade classroom. “Well , class, we have a new student.” said the teacher. Jenae stood up and said, “I’m Jenae Ackerman. I’m 13 years old, and my family and I are from champaign IL.” She sat down. Then, a tall boy walked in. He had brown eyes, black hair, and a warm smile. Jenae felt a sudden lump in her throat.

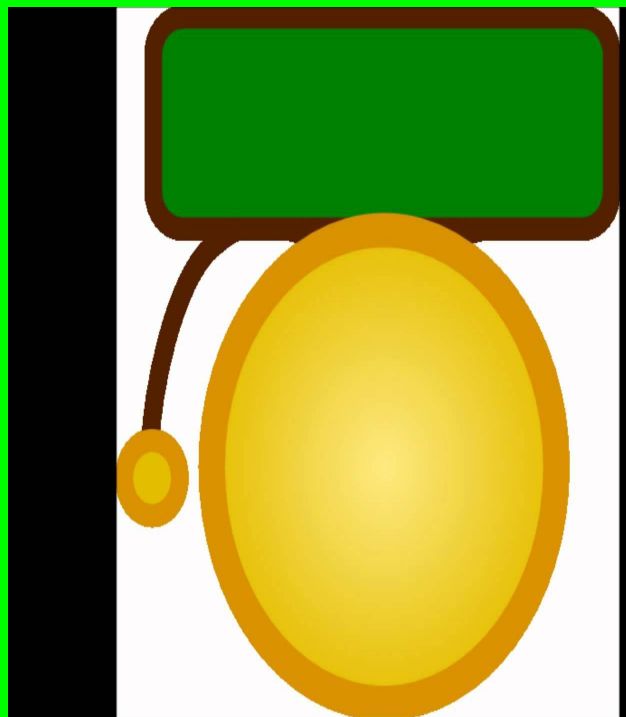

“Wow.” thought Jenae.
“He is really tall.” The boy
was now sitting down beside
and he said “You must be
the new girl. My name is
Nathan Dre.” said the boy.
“Jenae Ackerman.” said
Jenae. “Well nice to meet
you Jenae” said Nathan. “So
,new girl, what’s your story?
Asked Nathan. “My dad got
a job transfer.” said Jenae.
“What’s he do?” asked
Nathan. “He works for
Toyota.” said Jenae.
Nathan's eyes softened. The
Bell rang to start class.

Class had began and the science teacher, Mrs. Ukena, was talking about microfibers when Jenae got a note from Nathan. It read: Do you want to walk home with me? Jenae turned towards Nathan and nodded. Nathan smiled at her.

When lunch came Jenae could see Nathan in line to get his tray. Nathan got his tray and sat down beside her. Jenae had a nervous feeling in the pit of her stomach. "I'm really glad you're walking home with me." said Nathan smiling. "Me too," said Jenae with a crack in her voice The bell rang and they went through the day talking and laughing and when the final bell rang and they walked out together.

Chapter 2: The Dark Alley

The two were walking down the street and Jenae asked “ So what’s your dad do?” Nathan's face hardened “ I don’t know and even if I did I wouldn’t care.” yelled Nathan. Jenae could see the anger in his eyes. She was terrified.

“Look I’m sorry I snapped at you.” said Nathan. “My dad left me and my mom when I was six, let’s just leave it at that.” Nathan’s voice was now sincere.

Jenae look at the bridge of his nose, scared to look him in the eyes. They then began to look at the ground step-by-step. Suddenly Masons had a roast in Nathan's eyes caught you look at of his nose, scared to look him in the eyes. They then began to look at the ground step-by-step. Suddenly Masons had a roast in Nathan's eyes caught Jenae's. Today froze as if she was in a trance. Is big, dark, brown, shiny eyes were hypnotizing.

They both stopped. They can move closer or Jeanae could feel his breath. Suddenly the scream! Jeanae ran to the screen it let her down and Ally. kids. The two hit the ground
and got knocked out. The

and disappeared.**

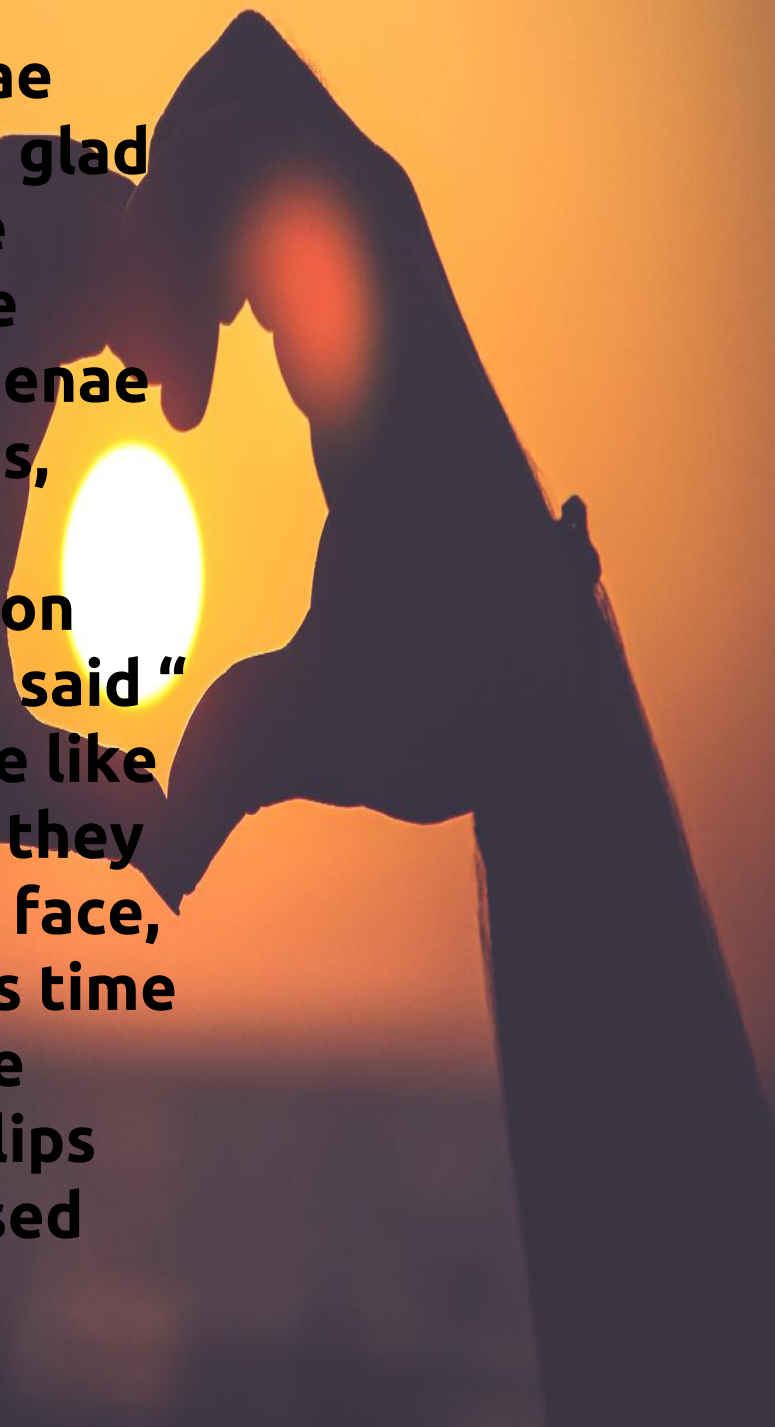

Chapter 3: The Changes

Jenae woke up in a hospital bed. “Where am I?” she asked. A doctor came in the room. She was short, with brown hair, and and emerald green eyes. “Hello.” said the doctor.” I’m doctor Glenn.” she said. “You had a good hit in the noggin but you’re all good to go.”said the doctor “Oh and one more thing. Please do not be alarmed your eyes have changed color.” said the doctor calmly. “What?” asked Jenae. “It is something to do with your DNA structure.” said Dr. Glenn.

When Jenae went out into the lobby, Nathan, Jeane's mother, and Jenae's father crowded around her. "Do you remember what happened?" asked her parents. "No I don't sorry." said Jenae. Nathan pulled Jenae aside and said " I'm glad you are alright." he hugged her and she hugged him back. Jenae looked into his eyes, they were slightly lighter, like a maroon color. Then Nathan said " Your eyes are white like a snowy day." Now they were close, face to face, once again. But this time they were not to be interrupted. Their lips met and Jenae closed her eyes same as Nathan.

To Jenae this was a warm summer day with a cool breeze. She turned around, her parents were nowhere in sight.

Chapter 4:

The Powers

The next day, the two went back to school. At lunch they sat by each other and began to talk. “I sort of remember what happened.” said Nathan. “I got hit with red beam of light,” said Nathan. “I got hit with a blue on,” said Jena. “Well that would explain the sudden change of our eye color.” said Jena.

Suddenly, a girl in a white dress came out of nowhere and sat right between the two.

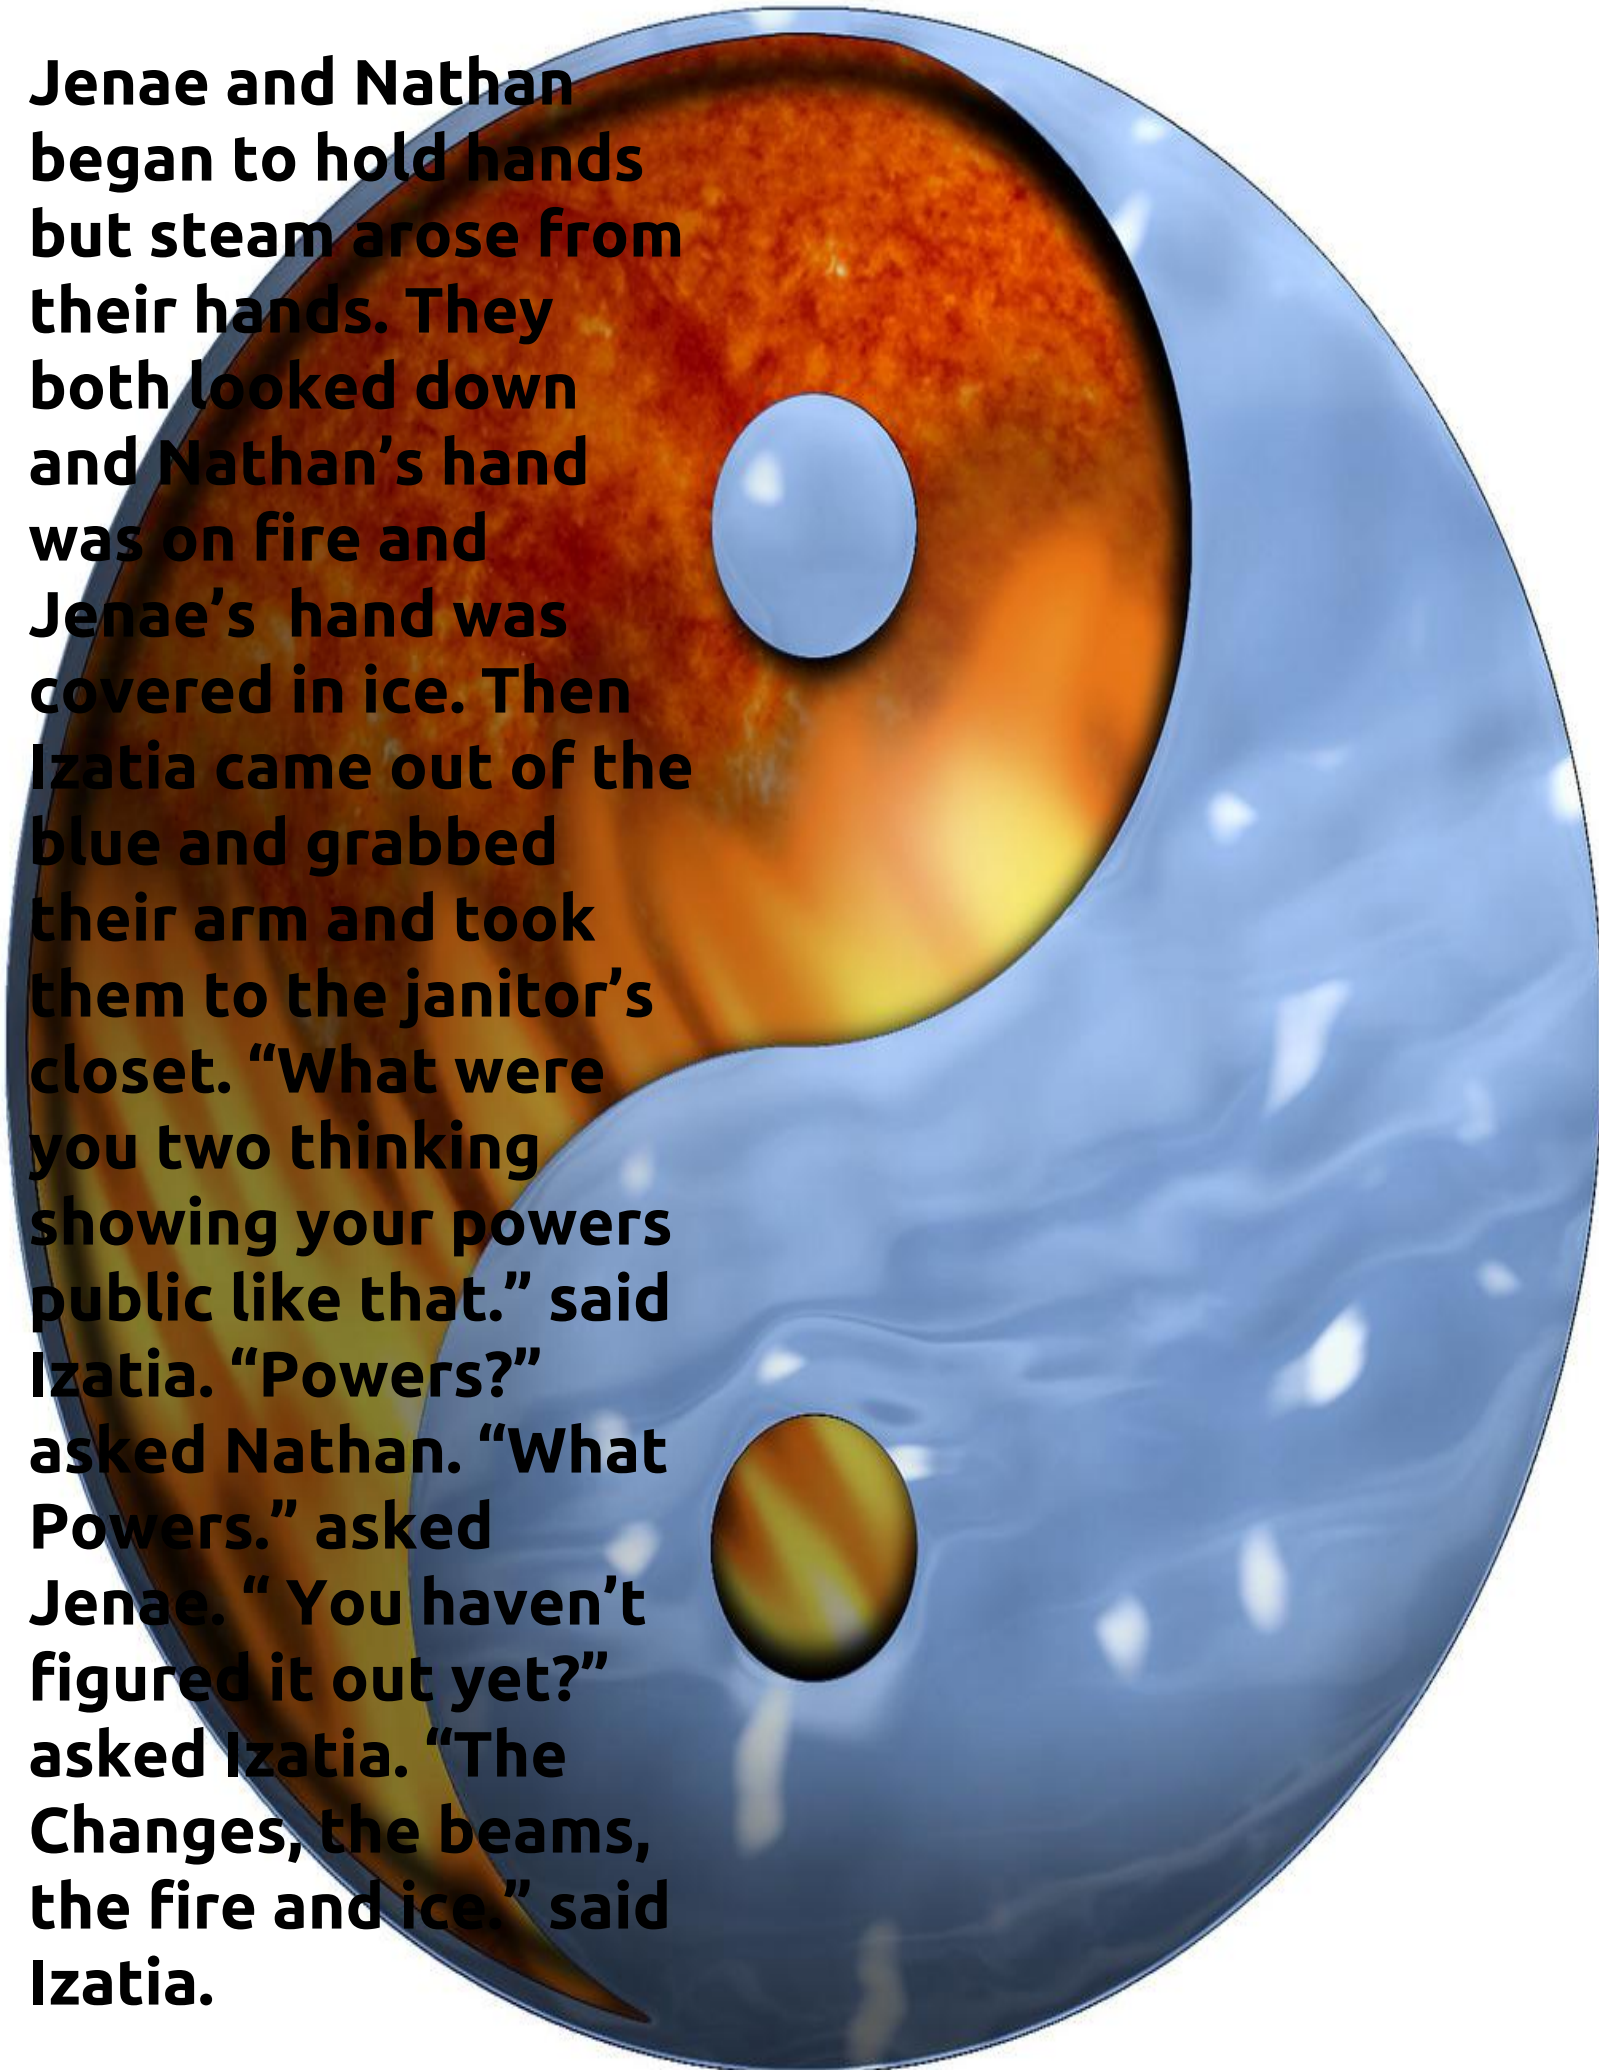

“ This is crazy!” exclaimed the girl, looking at Nathan. “Who are you?” asked Nathan. “ I am Izatia Dre-.” said the girl without even thinking. “Dre that is my last name.” said Nathan “ Are we related?” he asked.

“OH no,” said Izatia in a high voice quickly, “ It is just a coincidence.” she said. Then Izatia got up and walked away quickly. “Well, that was weird!” said Jenae. “Yeah that really was.” agreed Nathan.

Jenae and Nathan began to hold hands but steam arose from their hands. They both looked down and Nathan's hand was on fire and Jenae's hand was covered in ice. Then Izatia came out of the blue and grabbed their arm and took them to the janitor's closet. "What were you two thinking showing your powers public like that." said Izatia. "Powers?" asked Nathan. "What Powers." asked Jenae. " You haven't figured it out yet?" asked Izatia. "The Changes, the beams, the fire and ice." said Izatia.

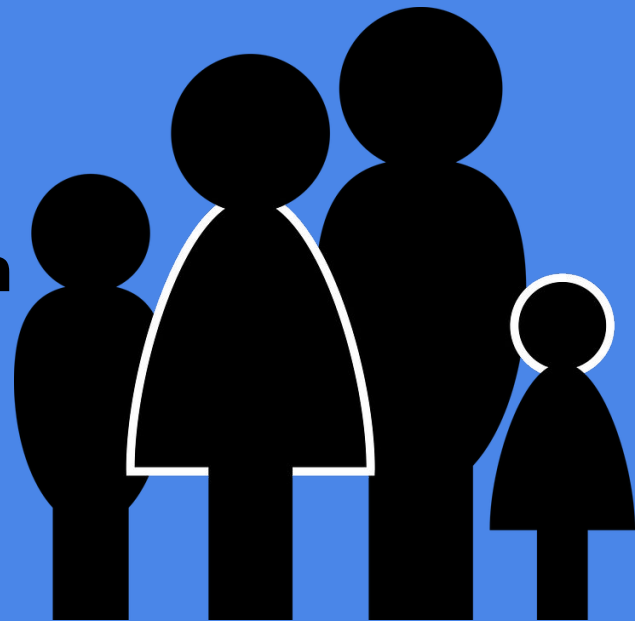

“How did you know about that?” asked Jenae. “I was there that night, the night the beams hit you, you received your powers. It is actually quite remarkable.” said Izatia. “I must go, try to keep your powers under control this time okay.” and by that she slipped out into the hallway and was gone.

Chapter 5: The Son & Daughter

**“Come on!” yelled Nathan.
“We are getting ready to
leave.” Jenae grabbed her
things and jumped on her
bike. “Bye mom, Bye dad love
you we will be back later.”
“Please be back by 10.” said
her mother. Jenae gave her
mother a thumbs up and
caught up with Nathan on her
bike. They rode to the alley.**

**There was a loud bang
that hit the dumpster.
Nathan flipped, jumped in
front of Jenae and flames
engulfed his entire body.
“You’re not the only one with
powers okay?” said Jenae.
Nathan went backed to
normal. There was a brick
with a note tied to it.**

They picked it up and read it aloud: Nathan and Jeanae meet us at the park by the only restaurant in town. We have something to tell you. Sincerely Tobias and Izatia Dre. "I knew it she was hiding something!" Exclaimed Jeanae. "well, Nathan let's go!" The two hopped on their bikes and headed for the park. The two were so determined to find out what the other two were going to tell them that they were unaware that they were being followed by man. They both got their bikes by the pavilion and waited by the swings. The man packed his stuff up and went and parked his car at the restaurant. He pulled out a pair of binoculars and watch them very closely. Two kids, a boy and a girl, came out of nowhere.

“Hello I am Tibias and you have already met my sister ,Izattia.” said the boy. “So what are you going to tell us.” asked Nathan. “We can’t tell you here you have been followed.

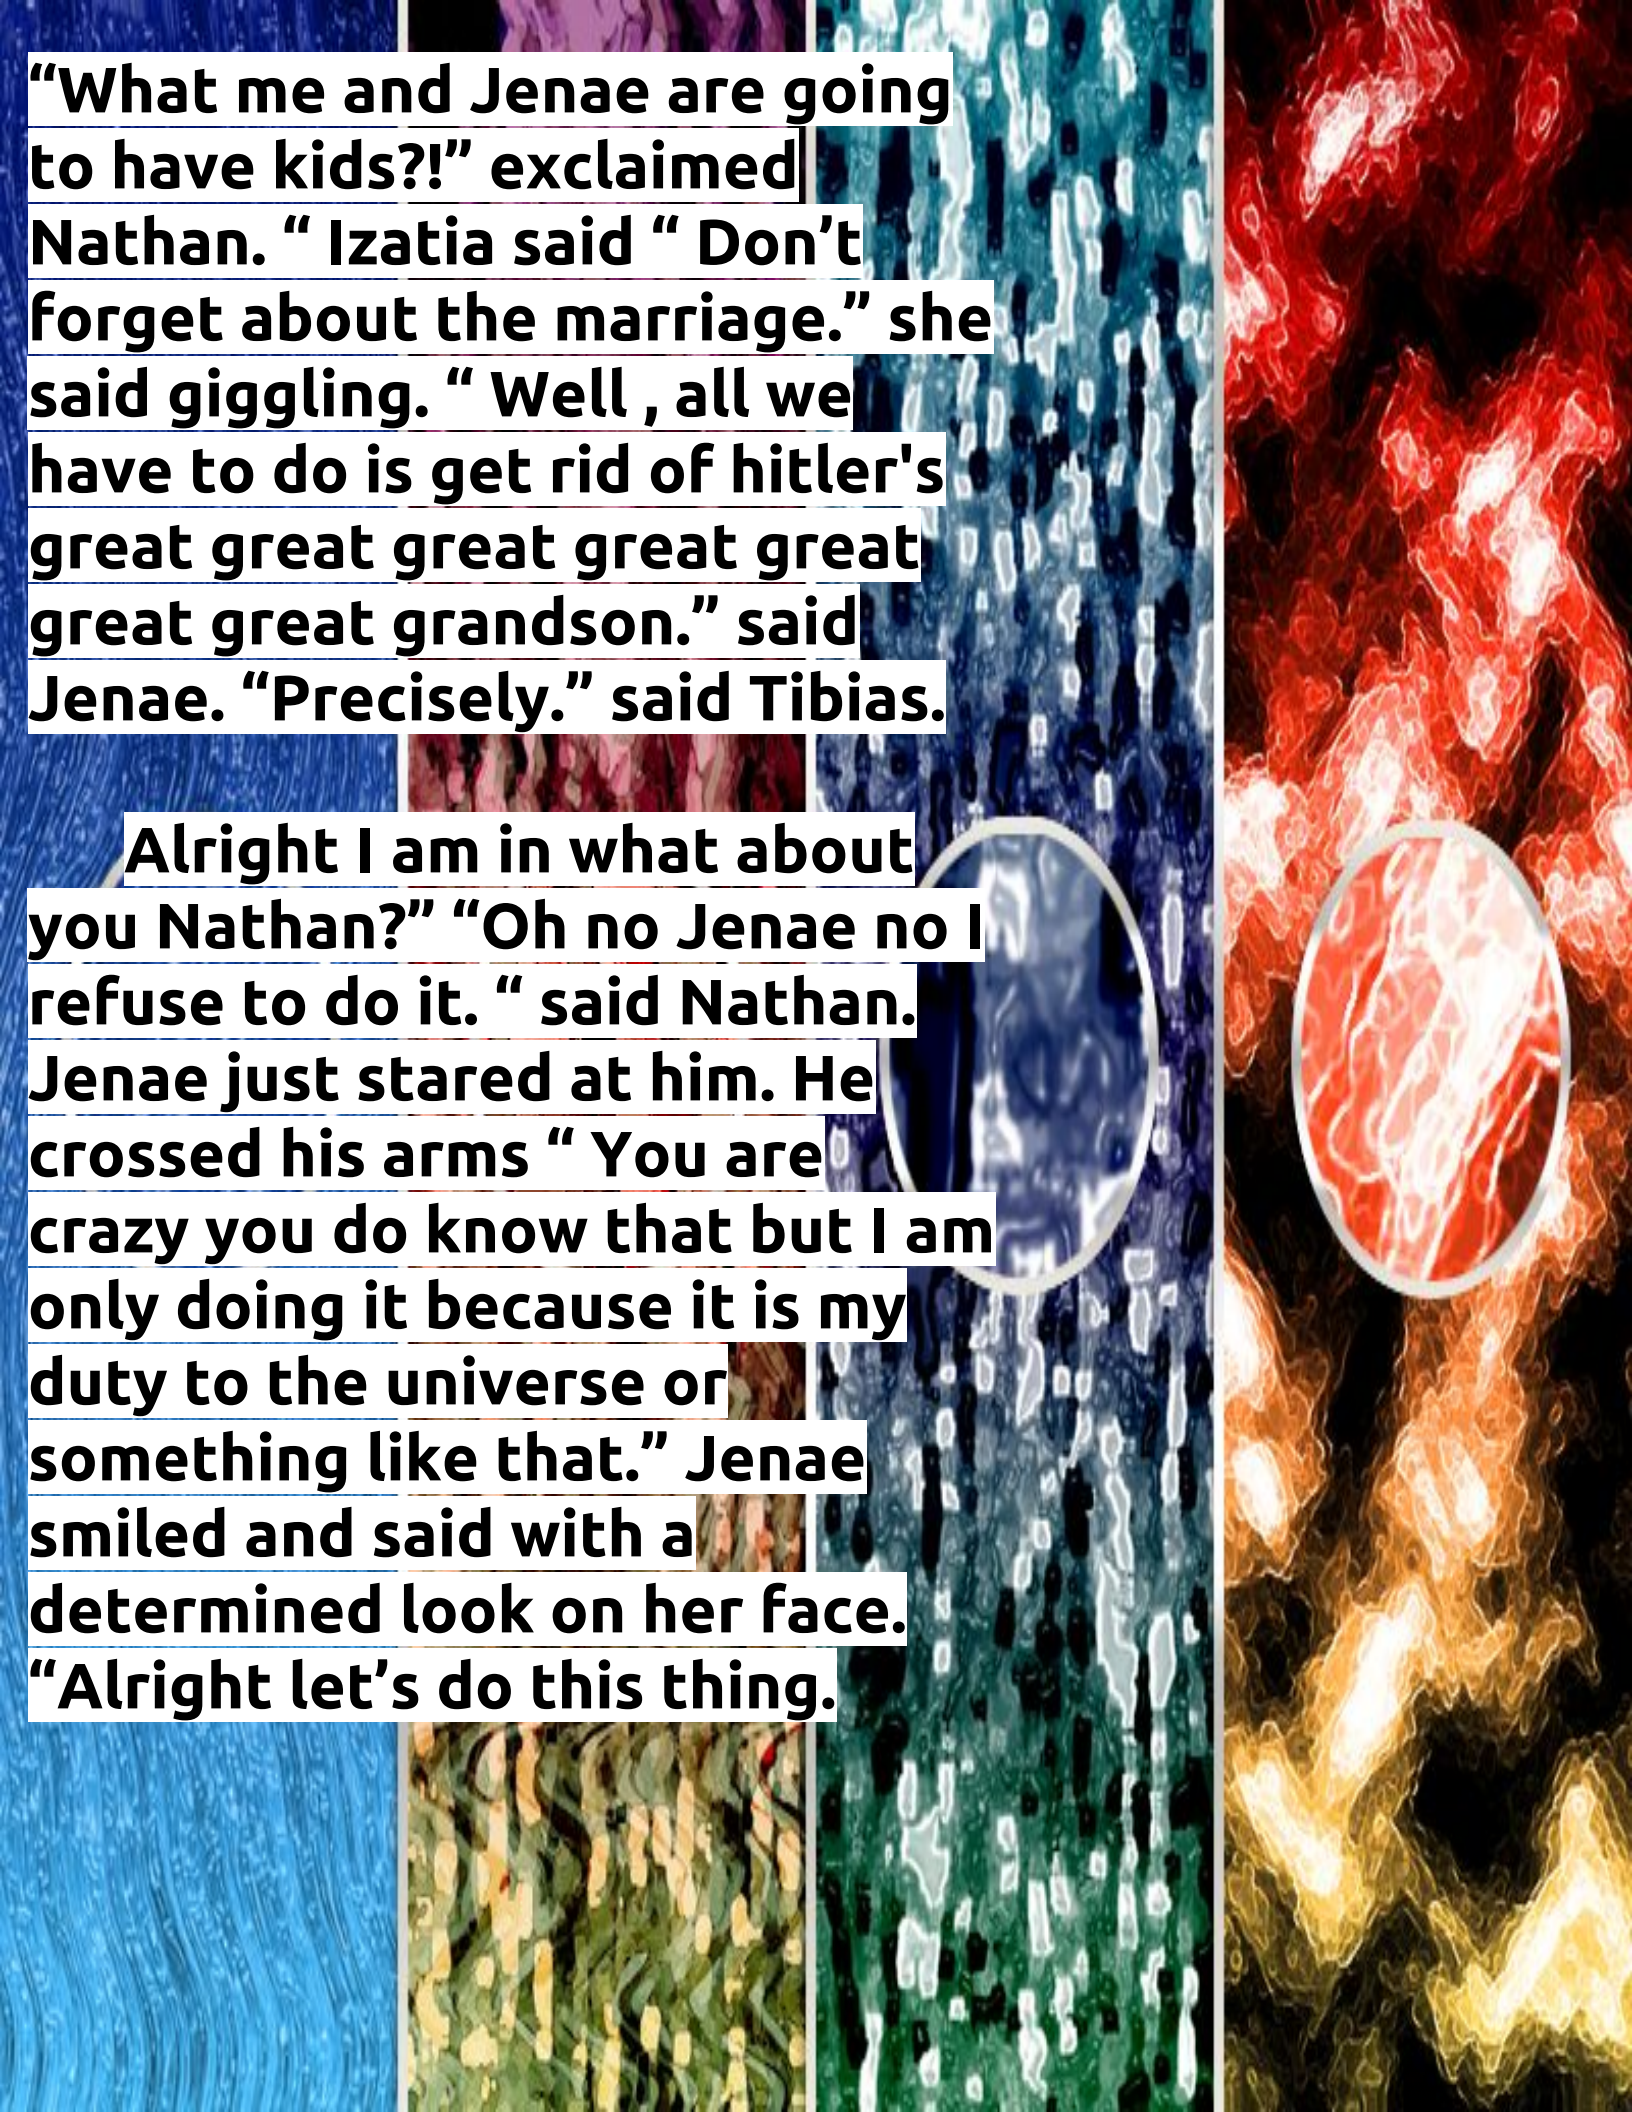

The two followed Tibias and izattia into the woods. Tibias stopped, “hurry everyone up the tree.” they all climbed up the tree. The man from the car came runningbly the tree and yelled “Tibias Dre I know you are out there some where adn when I find you I will kill ou and your family then the future will be all mine to take over. “The man ran away past the tree.

“Oh no where is your family you have to keep them safe.” said Jenae after jumping out of the tree. “That was what we were going to tell you we’re your kids.” said Izatia. “We are from the future here to stop that man.” said Tibias

“Wait who's?” asked Jenae, “Mine or Nathans?” she asked. “How!” said Nathan hyperventilating. Jenae managed to calm him down and he said “ Explain.” “Well we are from the future here to stop Vladimir hitler.” said Tibias. “Wait so who's kids are you?” asked Jenae again. “Both of yours of course.” he said cheerfully.

“What me and Jenae are going to have kids?!” exclaimed Nathan. “ Izatia said “ Don’t forget about the marriage.” she said giggling. “ Well , all we have to do is get rid of hitler's great great great great great great grandson.” said Jenae. “Precisely.” said Tibias.

Alright I am in what about you Nathan?” “Oh no Jenae no I refuse to do it. “ said Nathan. Jenae just stared at him. He crossed his arms “ You are crazy you do know that but I am only doing it because it is my duty to the universe or something like that.” Jenae smiled and said with a determined look on her face. “Alright let’s do this thing.
